

Here is your latest **OnLine News**

Dear Fleischmann Modeller,

Well, it's off again into another exciting modelling year!

The next announcement of FLEISCHMANN new items due for release during 2008 will soon be appearing at the Nürnberg trade fair at the beginning of February. Up to date info will be displayed on the website as soon as possible.

Delivered to the shops just a few days after the Christmas (sorry for the delay) has been the intricately detailed, Bavarian class 70 tank engine with Faulhaber, slow-running motor and her accompanying coaches:

model no: 7071

model nos: 8090 / 8091 / 8092

baggage van

2nd class coach

3rd class coach

Also delayed in 2007, but now due in the shops in the **middle of February** is the tiny diesel shunter, the new, wine red V60 of the DB.

model no: 7225

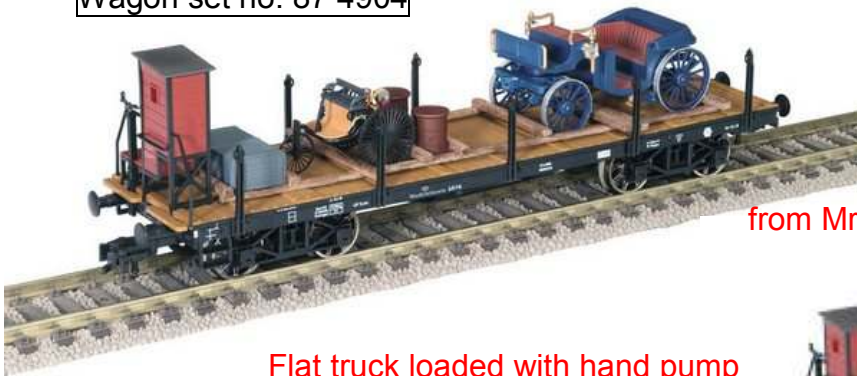

This tiny, ubiquitous shunter is at home on any layout, shunting goods trucks in the yard or pushing passenger rolling stock into position on the platform ready for “the big boys” to haul the train off to its scheduled destination.

We did however, manage to get the special limited edition set of the year out in good time, **plus** the extra wagons to complement the set:

Set no: 4904

Wagon set no: 87 4904

Flat truck loaded with the “new fangled” horseless carriages from Mr Daimler & Mr Benz.

Flat truck loaded with hand pump fire engine and horse-drawn fire cart.

Flat truck loaded with delivery cart – laden with wooden crate from Gebr. Fleischmann, Nürnberg!
